

# SCMS Seminar

## **ALGEBRAIC EQUIVALENCE AND STABLE MAPS**

**Speaker: Zhiyu Tian**

**Peking University**

**Time: Fri, Apr. 14, 15:50-16:50**

**Venue: Room 102, SCMS; Tencent Meeting: 129448454, Password: 230414**

### **Abstract:**

I will describe a technique to lift algebraic equivalence of one cycles on smooth projective varieties to deformation equivalence between stable maps, and some of its applications in geometry and arithmetic. This is joint work with János Kollár.
