

# International Workshop on Complex Big Data and Statistical Machine Learning

*March 16-17, 2018, Shanghai*

*Room 2201, Guanghua East Building, Fudan University*

## *Speakers:*

Yi-Hau Chen (Academia Sinica)

Yang Feng (Columbia University)

Xingdong Feng (Shanghai University of Finance and Economics)

Feifang Hu (The George Washington University)

Bingyi Jing (The Hong Kong University of Science and Technology)

Hui Jiang (University of Michigan)

Weidong Liu (Shanghai Jiaotong University)

Huazhen Lin (Southwestern University of Finance and Economics)

Peiyong Qu (University of Illinois)

Liuquan Sun (Institute of Mathematics, Chinese Academy of Sciences)

Juan Shen (Fudan University)

Yin Xia (Fudan University)

Junhui Wang (City University of Hong Kong)

Xueqin Wang (Sun Yat-sen University)

Ying Wei (Columbia University)

Fang Yao (University of Toronto/  
Peking University)

Zhangsheng Yu (Shanghai Jiaotong University)

Yingying Wei (Chinese University of Hong Kong)

Changliang Zou (Nankai University)

Aijun Zhang (The University of Hong Kong)

Heping Zhang (Yale University)

Hao Zhang (The University of Arizona)

Liping Zhu (Renmin University of China)

Nan Zhang (Fudan University)

Shurong Zheng (Northeast Normal University)

Yong Zhou (Institute of Mathematics, Chinese Academy of Sciences/

Shanghai University of Finance and Economics)

Yuwei Zhao (Shanghai Center for Mathematical Sciences)

Zhengjun Zhang (University of Wisconsin)

## *Organizers*

Xiaotong Shen (University of Minnesota)

Zhiliang Ying (Columbia University & Shanghai Center for Mathematical Sciences)

Ji Zhu (University of Michigan & Shanghai Center for Mathematical Sciences)

Yuwei Zhao (Shanghai Center for Mathematical Sciences)

## *Sponsored by*

Shanghai Center for Mathematical Sciences  
School of Management, Fudan University
