ON EXTENSION OF PLURICANONICAL FORMS DEFINED ON THE CENTRAL FIBER OF A KAHLER FAMILY

Speaker: Junyan Cao
Université Côte d'Azur

Time：Wed, Dec. 15, 16:00-17:00

Venue: Tencent Meeting 256 496 451, password: 54321

Abstract: In this talk, we will discuss several results related to Y.-T. Siu's conjecture of deformational invariance of plurigenera for Kahler families. The main tools is the L^2 Hodge decomposition for singular metrics. This is a joint work with Mihai Paun.
