

SCMS & SDS Joint Seminar

JOIN STATISTICS SEMINAR OF SCMS AND SDS

WASSERSTEIN DISTANCE AND ITS APPLICATIONS

Dr. Jun Lu

Shunfeng Technology

Lecture

Time: 10:30-11:30 am., Thursday, Apr. 26, 2018

Venue: Zibin N102, Fudan University

Abstract: In the beginning, a brief explanation will be given to the Wasserstein distance, which has been a hot topic recently. Then the talk proceeds with some of its applications in geometry, finance, machine learning and optimization. We finish with an introduction to the company SF Technology and job opportunities at Business Analytics and Strategies, the department I am in charge of.
